

9/22/97

A few months ago a friend gave me Michelle Serros' CD - I LOVED IT! I share it with anyone willing to listen. Recently that same friend took me to "When words collide" on the Wednesday that Michelle was speaking. She was great live. I was wondering if there was a mailing list so that we could know when Michelle speaks publicly. Long Beach is a little too far. If she speaks in Santa Monica or on the West Side that would be great.
